Presents

Portugal, Spain & The Douro River Valley

October 2 – 11, 2009 (9 Nights)

NAPA VALLEY

Discover the warmth and friendliness of the Portuguese people as you travel along the spectacular Douro River Valley. A UNESCO World Heritage Site, this Port Wine Country, the oldest demarcated wine region in the world, is remote and unspoiled. It is made up of steep hills and stone terraces, falling steeply down to the water's edge. You'll explore the seven hills of Lisbon, the city of Coimbra "Birthplace of Kings," and the beautiful city of Bridges – Porto. Plus, you'll experience tasting new wines from old village vineyards – Regua, Pinhao and Lamego.

When the trip is complete you will have enjoyed the region's local cuisine, great port wine and have an appreciation for the cultural heritage this valley represents.

Truly a trip we will enjoy together!
